Frank:

Please confirm date and time and a list of the attendees. If you are asking for any action to be taken by GEC or JDC other than providing access, please provide a description and protocol.

Regards,

Bruce Cole

Frank:

I think we can accommodate. Which days?

Please send a list of attendees. If people are going to be climbing on roofs and/or opening electrical boxes, I think the Owner will probably want hold harmless agreements – they needn't be elaborate.

Bruce :

Our expert who was scheduled to inspect the Project has had to delay by a week, and wants to come down the week of 10/22. Does that work? Will GEC be able to provide the access as you and I discussed on two days that week?

Thanks - Frank
